

Stump Grinders

Course information:

Our stump grinder courses offer far more than just the safe operation of this machine. A practical session in workshop conditions will show candidates the correct way to maintain the stump grinder so that the machine works efficiently and ensures the safety of both the operator and members of the public.

Our courses provide candidates with the knowledge and confidence to operate stump grinders safely and effectively, saving their employer time and money.

Who is the course for?

Dale Valley Training offer novice or refresher stump grinder courses.
